COMFORT & CARE PROGRAM

The Comfort & Care program offers comfort and a sense of self-worth to children that are placed into foster care. Judson Center cares deeply and will not just take a child and place them in a safe environment, but will also provide comfort for that child. At initial placement, the child will receive a new backpack that will include age and gender appropriate necessities and comfort to help with their transition. Each suitcase is custom made for the child's needs.

Suggested Donations	
Bag	Underwear
Blanket	Hair Accessories
